DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 1, 2 and 4 are rejected under 35 U.S.C. 102(b) as being anticipated by Keller.

As to claims 1 and 4, Keller shows providing a side wager that the players first two cards total twenty one in a the form of the Ace/Jack of spades or the Ace/Jack of clubs as shown in fig. 2. Further he teaches the side wager based upon a paired 10, J, Q and K. With respect to claims 2 and 5, Keller shows a "21 Bet" where a player receives an "enhanced reward if the dealer's first two cards are a dealer Blackjack".

Claims 1 and 4 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Koelling '741.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Art Unit: 3711

3. Claims 2, 3 and 5 are rejected under 35 U.S.C. 103(a) as being unpatentable over Koelling.

Koelling shows enhance payouts, which depend upon the cards dealt to the dealer. Specifically he requires that a dealer's up card is 10. To have selected a requirement for the dealers up card would have been an obvious matter of choice. Applicant has not shown in the specification or by any evidence of record where the dealer card requirement is critical by solving any particular problem or producing any unexpected results.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Herrmann, Miller, Pike and Lofink show blackjack games.
